

Resume

Personal Information

Name	Andrew Klimenko
Date of Birth	26.04.1989
Place of Birth	Zaporizhzhya
Marital Status	Single

Overview

I'm a developer from Ukraine with solid front-end experience and a huge pack of projects behind my back. I am strong at frontend development such as Angular 2+, Angular Material, Bootstrap, PrimeNG, TypeScript, etc and am always ready to deepen my knowledge in these technologies. I also work with different kinds of API's as Google, Twitter, Instagram etc.

I have more than two years of experience in web development. For the last few years I have mainly worked with Shopify (Liquid) and Angular 2+.

I am experienced in the work with git versions control system as well as with the npm. I have also got experience in the usage of gulp application.

Am always ready to face up the work of any complexity.
